

**“Unforgettable”
April 2023 Exhibit Awards**

Juror Awards, Allison Chambers, Juror

Allison is an accomplished oil painter of abstract landscapes, many of the Lowcountry. Her paintings combine color and texture on a medium to large scale. Her work has an impasto style, and she uses the palette knife liberally. Allison says “Because I love to express myself through art, the landscapes I paint are the places that cause me to take a deep breath...that take me away, that make me happy. My vision is to use color and texture in order to give the viewer a ‘mini vacation’.”

Allison teaches oil painting and also offers workshops in France, this year in Provence. Her paintings have been in many juried exhibits and in several galleries. She lives in Charleston with her husband and children.
